

## **Making Sure Books Work with Google Read and Write**

1. Make sure you are logged into Chrome
2. Make sure you have both Google Read and Write (puzzle piece in top right)
  - a. If you do not have it, type into google “Google Read and Write Download”- usually it is the first link which will direct you to the Chrome Web Store.
  - b. Click add extension
3. Open the textbook in Google Drive
4. In the middle of the page it will say “open with”
5. If Google Read and Write does not appear click “connect more apps”
6. Type in “Text Help PDF Reader App” and add extension
7. Reload Page
8. Click open with “Google Read and Write” again

If you can not get the books to play, download the books to the desktop and use Speech Dictation to read the text.
